

# CLINTON STREET – STORM SEWER IMPROVEMENTS AND ALLEY PROJECTS

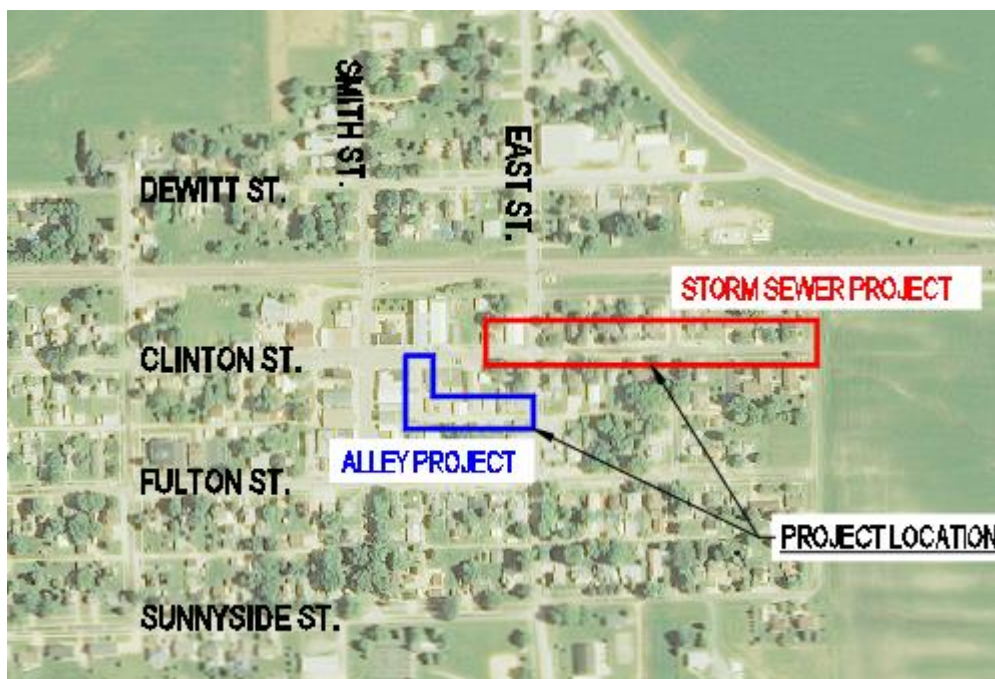

City of Grand Mound

June 08, 2018

Construction season is upon us! Brandt Construction Company of Milan, Illinois, was awarded the prime contracts for both the Storm Sewer Improvements on Clinton Street project and Clinton Street Alley project for the City of Grand Mound.

The alleyway project consists of replacement of the current gravel alleyway with a concrete alleyway that is located from Clinton Street to East Street. This alleyway will be closed starting the week of June 11, 2018 and will be reopened the week of July 2, 2018. The storm sewer improvements project on Clinton Street consists of replacing storm sewer, storm structures, and construction of a drainage swale between Smith Street and Washington Street. This project will begin construction the week of July 9, 2018.

The overall reconstruction project will consist of two (2) phases as shown below. The first phase will consist of the alleyway project. The storm sewer improvements project will start a week after completion of the alleyway project. The schedule will be done so that no construction will be taking place the week of July 2, 2018.

## PROJECT SUMMARY

### CONSTRUCTION SUMMARY

- Installation of storm sewer, storm structures, and drainage swale on Clinton St.
- PCC alleyway
- Replacement of Exterior Sidewalks with ADA Improvements on Clinton St.

[alex.amadeo@is-grp.com](mailto:alex.amadeo@is-grp.com)

During construction we ask for the cooperation of citizens and business owners as the contractors work to complete the projects as quickly and efficiently as possible.

We apologize in advance for any inconvenience the construction of the project may cause and will work together with the contractor and City staff to minimize these impacts as much as possible.

ISG and the City of Grand Mound would like to thank the community for your patience and cooperation throughout the duration of these projects. Many variables may impact the proposed schedule and we will work together to keep the community informed on any changes.
