

## **City of Grand Mound Public Notification System**

Sign up here for the City of Grand Mound's Public Notification System! In the event of a City related emergency, such as a water main break or boil order; the City will send an alert to the phone number you provide through either voice or text, or both if you so choose. The City may also use the phone number(s) you provide to notify you of the following items

- A Disconnect Warning the day before service is disconnected
- To notify you of a project in town that may affect your property or water service.
- To notify you of a boil order or water main break
- Other emergencies or items as deemed necessary by the Council or Mayor.

This is a free service provided by the City of Grand Mound, however, normal message fees may apply. To receive text messages to your cell phone, your cell phone must have text messaging capabilities. Notifications are dependent upon external providers and receipt of notifications by the intended recipient cannot be guaranteed.

Alerts sent from the City of Grand Mound will originate from 563-847-2190 for text messages & voice notifications. Please be sure to save these in your phone and/or address books.

In order to receive both text and voice alerts, you must enter your phone number twice. Select the text option for the number you would like to receive text messages sent to, and Voice for the number you would like voice alerts sent to.
