Meeting Notes

1-2 .Nick to explain why we should use LL Pelling and explain quote

3- Truck Repair- This is what I had emailed about previously. A lady went down to the compost and backed into a piece of Rebar, that was nowhere near where she should have been dumping. I did ask her to get a quote of the damages so you would be able to see what that cost is.

4. I believe that we need to put a sign on the front gate stating “Enter at your own risk, The City is not responsible for damages to vehicles” so we do not continue to have this issue.

5. Agreement and Invoice is included in this packet by Scott Butt

6.Lisa Fox (Kinney Family) had emailed this asking for this to be considered. Orange Ribbons are placed on trees at the ballpark during the month of June to help bring awareness. More information attached.

7. This is resetting the PH Budget Amendment. As I was out sick with Pneumonia I was not able to get with Melissa, Melissa did say that it would not be an issue to schedule this for the next meeting. As we have forms that need to be completed before this can happen anyways.
